EDUCATION

Paavai Engineering College,Namakkal.

BE-Computer Science and Engineering - 8.0 CGPA   November 2020 - May 2024

PROJECT

Organic Shopping Website(E- Commerce) ↗
- Improved **HTML, CSS, JavaScript,** and **JSON** skills.
- Implemented **add-to-cart, wishlist, product search, responsive design**, and secure checkout features.
- Overcame challenges by implementing **wishlist logic with local storage**, enhancing user experience.

ShopClues - Clone(Full-Stack) ↗
- Can you download the GitHub repository and run the code locally to test it
- Implemented **user authentication**, add-to-cart functionality, and stored all data in a **SQL database** using **Python** and **Django Framework.**
- Utilized **technologies** such as **HTML, CSS, JavaScript, and Python to** develop the project.
- Overcame challenges in implementing user authentication and add-to-cart functionality with **CSRF** protection and user authentication.
- Effectively integrated **CRM** with the project.

Personal Portfolio ↗
- I developed a **personal portfolio in React**, showcasing my **personal projects** and details.
- The portfolio displays my projects.
- I created a personal portfolio in **React, my own design**, which serves as a platform to showcase my diverse range of **projects and skills**.

SKILLS

- **HTML 5**
- **CSS 3**
- **JavaScript**
- **React**
- **Python**
- **Django**
- **SQL**
- **GitHub**
- **Git**

CERTIFICATE

Python FullStack Development
I had completed a Python FullStack Development Course at Vetri Technology Solutions.

Modern Html And Css
Verification Certificate ID: 65R5107DCv0pdy3L6
